|---------------------------------|---|
| Name of the material | Healthy Food for Healthy Planet |
| Target group | 7-11 year old |
| The type of the material | A work sheet |
| Description | Children are constantly bombarded with information about the negative impact of human activity on the Earth, and particularly how we're affecting the climate. The topic of food provides a unique opportunity to introduce the issue of climate change in an accessible and engaging way, exploring actions we can all take to make a positive difference. |
