

ECO CHANGE

2017/2018

Day 1

This is our club! We joined together because we want to let the students know the importance of saving energy and using energy efficiently.

Besides that we also focus on:

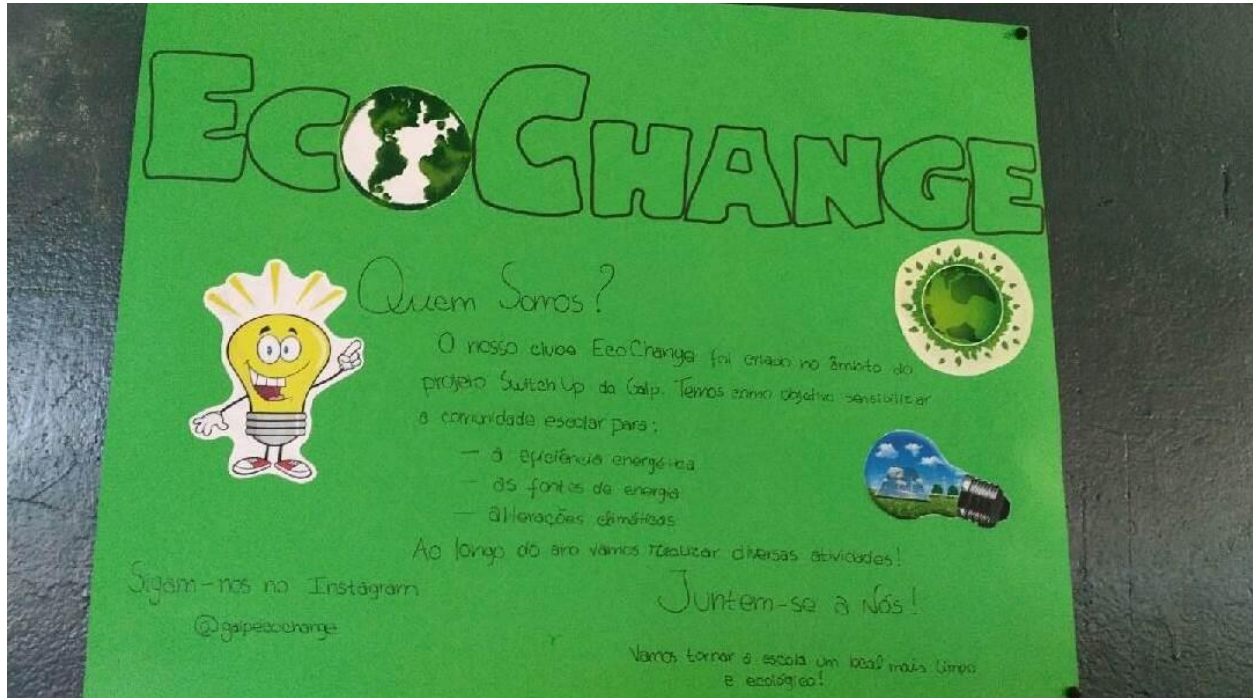

- Environmental issues: Climate changes;
- Energy sources: Renewable energy;

Preparing a poster to spread our project

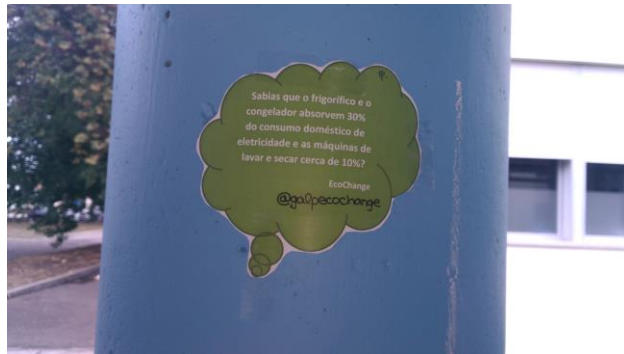

Final product!

We placed our poster on the Student's room of our school so that everyone can see it.

Balloooooooooons everywhere!!

We placed a lot of balloons in all of the schools of our town with curiosities and retorichal questions about energy.

"Did you know that 1,5 billion people live without eletrict energy?", for example.

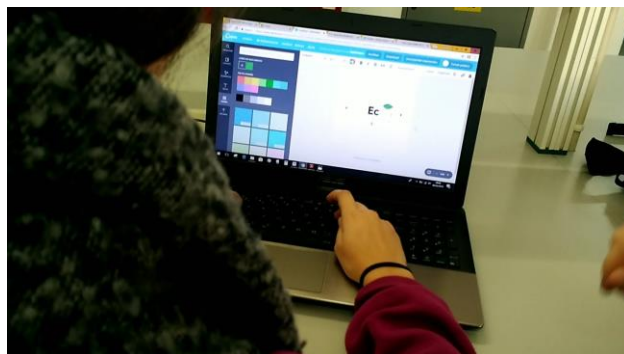

This is our wall on the students' room

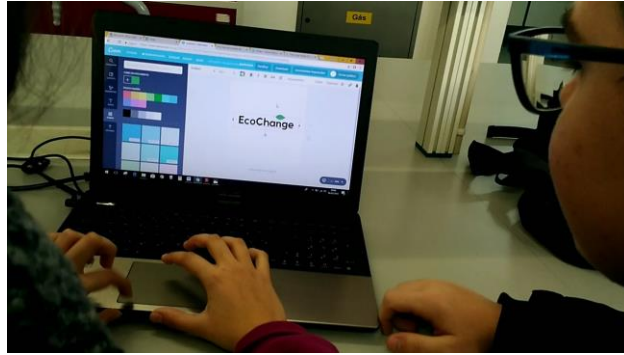

Our club has grown! We have two new members

MAKING OUR LOGO!

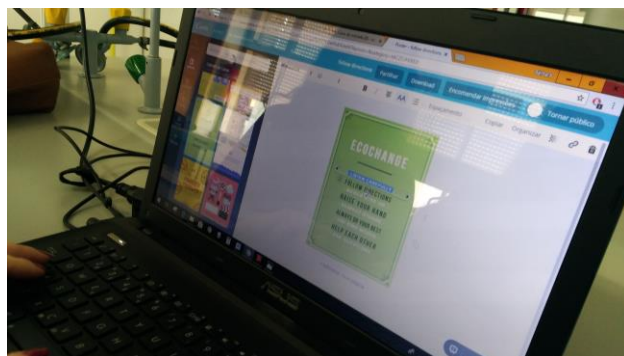

Official Logo!

Let's make our online poster!

Preparing a interactive activity...

Preparing a quiz in Kahoot for middle school's students about energy efficiency, climate change and energy sources.

Energetic Quiz

In Friday, the 5th of December, EcoChange went to the Anastácio Gonçalves school to present a presentation for the students of the 5th A, 6th A and 6th C. The presentation included a PowerPoint to broadcast our club and our objectives, followed by a quiz in Kahoot.

Energetic Trip: Treasure Hunt with characters

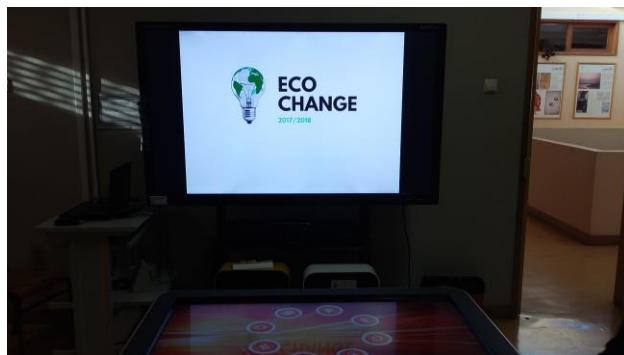

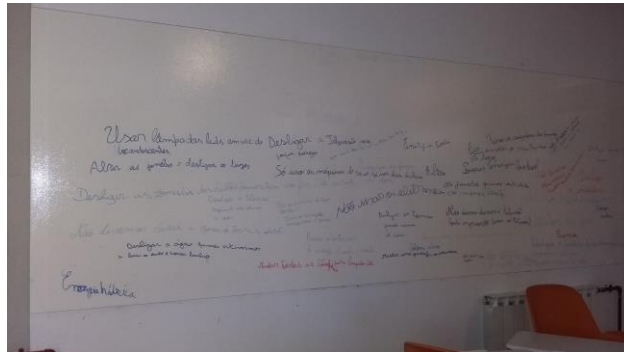

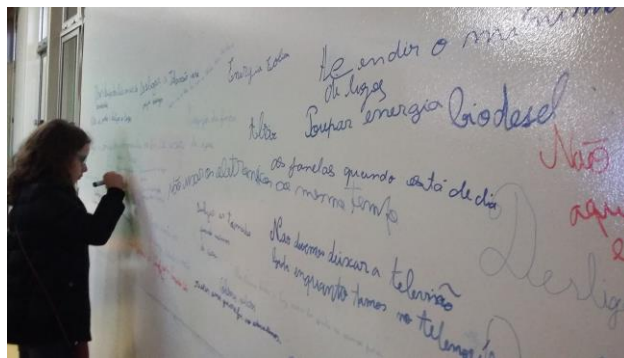

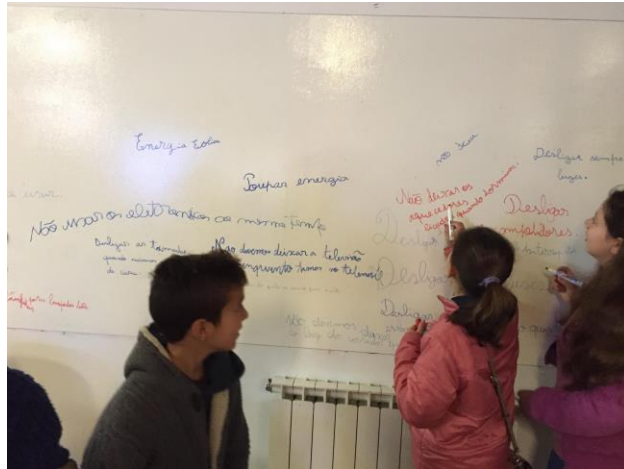

In this adventure, the 41 kids had to figure out which of the three characters had the most energy efficient lifestyle.

Interactive Table activity

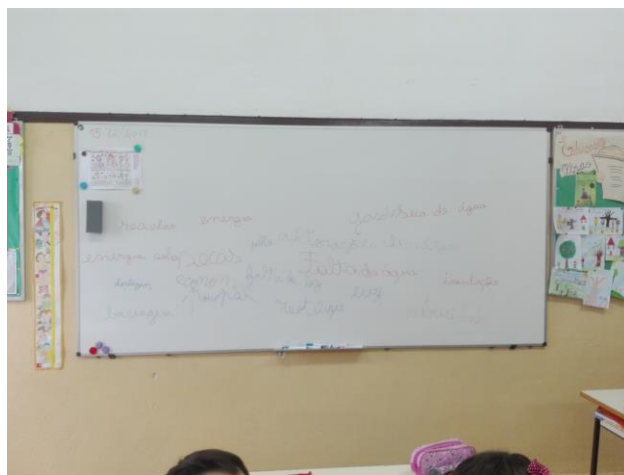

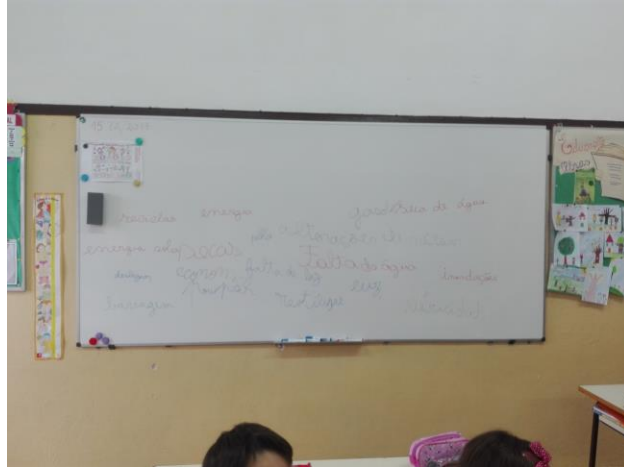

In this activity, the same kids were able to play games related to energy efficiency using an interactive table to accomplish it.

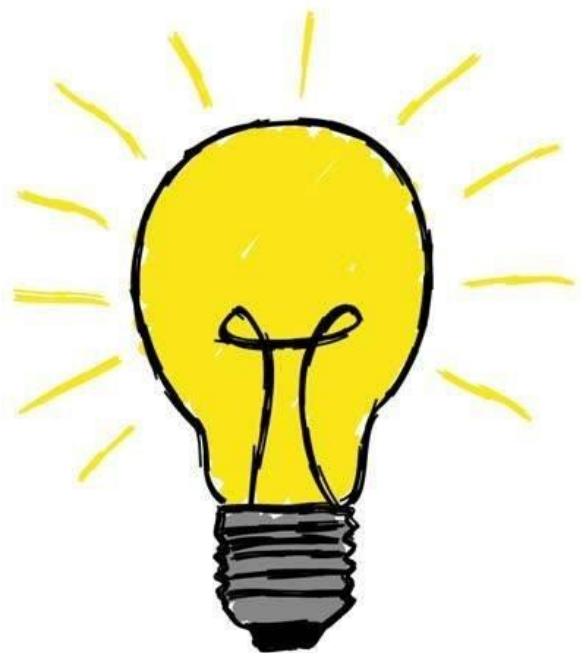

Little do you know?

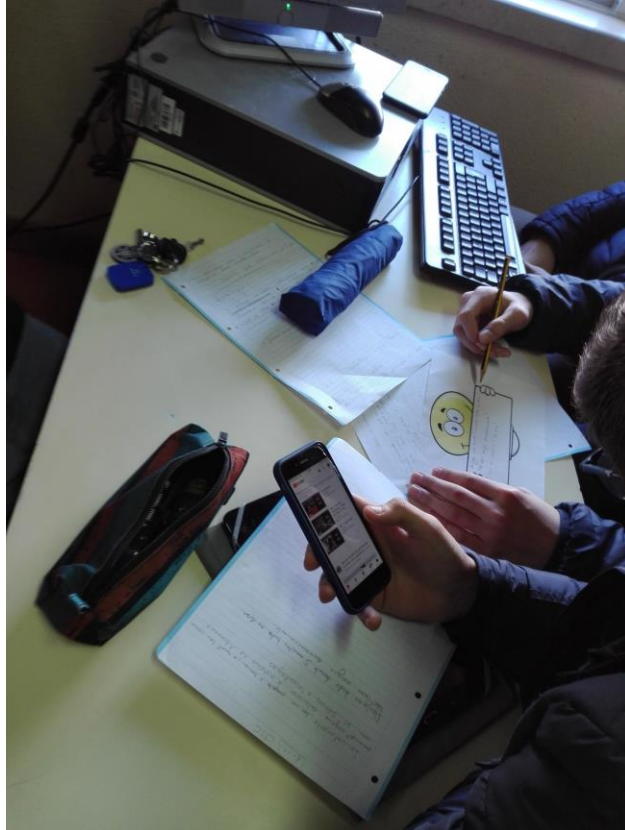

We went to Alcanena's primary school to make several activities with the kids, such as, presentations, games and writing environment related words and expressions on the board.

World Day of Energy Efficiency

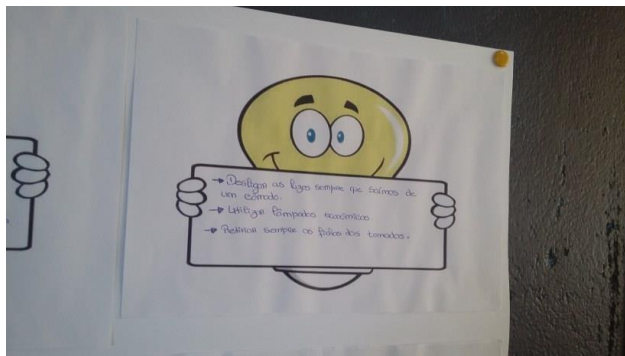

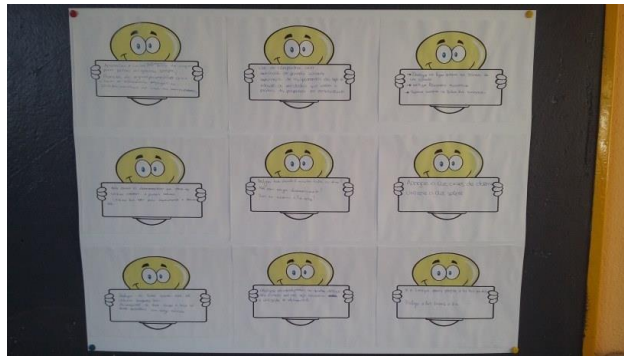

On the 5th of March, we celebrated the World Day of Energy Efficiency. So, EcoChange inquired 102 students with the question "What do you do to save energy?"

These are their answers...

Upgrade: Our wall!

Next step...

We are doing a theatre play with several students, from elementary to high school.

Come over and see!
